#### Other comments

The adventure trail is well used so something else like that would be fab.

Covered area for all weather play

If children are working hard in class the playground should be an area for free play and socialising

Vegatable patch

I would like to see the playground more segregated from the car park at the front of the school, more enclosed.

Covered areas for wet play/shelters and portacabins.

Could ask for parent/grandparent volunteers

Outsied facilities shouldn't need too much extra supervision eg I feel a climbing wall might need a monitor.

I am not aware of any issues with playground markings are there? Hence the 10.
